The Hiring Manager.
Infosys Banglore.

Respected Sir/Ma'am,

I am writing to express my interest in the software engineers position at Infosys Banglore, as advertised on your career page. As a computer science and engineering student with a strong passion for programming and problem solving, I am excited about the opportunity to contribute to Infosys mission of delivering innovative and scalable solutions.

I am currently pursuing my B.Tech in CSE (AI & ML) at Graphic Era Hill University, Dehradun. Throughout my academic journey, I have developed a strong foundation in Data Structures, Algorithms, Object Oriented Programming, SQL, Java and the core subjects like operating systems and Computer Networks. I enjoy building efficient code and solving real world problems.

I have worked on several academic projects including a Smart Travel Route Planner using graphs in C, Image encryption & decryption using Fiestel Cipher technique, online Examination Management System and an Intelligent Attendance - automatic payroll using a CNN model for facial recognition.

What excites me most about Infosys is your culture of innovation, employee learning, and the global impact you create through technology. I am eager to learn from the best minds in the industry and grow as a professional while contributing to meaningful projects.

I have attached my resume for consideration, I would greatly appreciate the opportunity to discuss how I can contribute to Infosys.

Thanking you,

Yours sincerely,

Gourvansh Airen Agarwal
